

## String Potentiometer

### Features and benefits

- Available with 4-20mA, 5VDC or voltage divider output
- Choice of 4 different stroke ranges (4.75, 12.5, 25 and 50-inches)
- Accuracy of 0.25% to 1% of full scale (depending on range)
- Easy to install
- Free release tolerant
- Cable tension up to 7 oz
- Polycarbonate enclosure comes with stainless steel mounting bracket
- Compatible with WASP and Campbell Scientific dataloggers
- Applications include crack or joint movement monitoring, pile deflection monitoring, etc.
